The BIZ of Thinking

This highly interactive, experiential workshop is designed for individuals and teams who wish to develop skills in Leadership, Creative Problem Solving, Teamwork, Communication, Strategic Planning, Networking and much, much more! Based on the Whole Brain model and incorporating the powerful HBDI™ (Herrmann Brain Dominance Instrument), this dynamic workshop provides you with powerful insights into how you prefer to think and enable you to harness the power of your thinking for improved productivity, creativity and fulfillment. This energizing, invigorating program is now available to YOU and your organization!

The Biz of Thinking focuses on:

- **Individuals and their thinking preferences.**
- **Impact of stress on individual thinking preferences.**
- **Teams and their thinking preferences.**
- **The demands business places on individuals and teams.**
- **The application of Whole Brain Thinking into everyday business issues.**

As a participant you will:

- ▶ **Understand your personal dominant thinking style through a formal assessment or informal assessment.**
- ▶ **Recognize that there are different thinking styles and how to “flex” your style to effectively present ideas, lead, communicate, leverage diversity, sell to customers (internal and external), work with others/teamwork and networking.**
- ▶ **Think in a more thorough way to improve your results with people personally and professionally.**
- ▶ **Think proactively, considering many perspectives.**
- ▶ **Think outside the box, outside your traditional mindset.**
- ▶ **Understand and value the way others think and learn to communicate more effectively.**
- ▶ **Develop a personalized Action Plan that will apply your personal learning.**

- **To schedule a Biz of Thinking LifeShop call Donna Drury at 513-518-5681 or email at Donna@LifeQuest2000.com. Donna will work with you to ensure the workshop is customized to your group’s specific needs.**
